

## Proven 5 Step Interview Process

1. **Set the Stage:** We help you gather the right materials, research the company and role, generate questions and establish a customized interview approach.
2. **Implement a framework:** Learn the best strategies for preparing and answering interview questions that represent your unique style but minimize potential obstacles.
3. **Mock Interviews:** We provide hands-on interview practice (in-person, video, and phone).
4. **Powerful Feedback:** Gain constructive, specific, and honest feedback that's intended to give you immediate improvement.
5. **Bonus Materials:** Receive helpful guides and checklists created by our Founder, Robin Reshwan, whose career advice is used by thousands of professionals, universities, businesses, and media outlets such as US News, Yahoo, Business Insider, Fast Company, and Monster.
